## The PLAN<sup>®</sup> Test

Subject	Number of Questions	Time Allowed

Rhetorical Skills	20	
<b>Math</b>		40 minutes
Pre-Algebra/Algebra	22	
Geometry	18	
<b>Reading</b>	25	20 minutes

Your skills in these subjects will make a big difference—in school and, eventually, in your career.

Once you know what each test covers, your PLAN test results can show you where you're strong or weak.

## Doing Your Best

- Get plenty of sleep the night before the test.
- Follow directions exactly, and don't be afraid to ask questions.
- Mark your answer folder carefully. Fill in the ovals neatly.
- Don't spend too much time on any single question. For hard ones, choose the answer you think is best and move on.
- Just like the ACT, there is no penalty for guessing. Be sure to answer every question.

### What should I bring on test day?

- your school ID number or Social Security number to identify your PLAN record
- three sharpened soft-lead (No. 2) pencils with good erasers
- a watch to pace yourself (no beepers, please)
- calculator for the math test (optional)

### Should I guess?

Just like the ACT, there is no penalty for guessing. Be sure to answer every question.

Read all the possible answers before choosing one. Eliminate every answer you know is wrong, then pick the best one from those left.
